

Dear all

Dear friends

Our friend and prominent member of this Committee, Dr Leo Sher (USA) has posted on the website [www.internetandpsychiatry.com](http://www.internetandpsychiatry.com) , the summary of the WPA Section debate called Coimbra document.

In the above mentioned website you also can find other documents of our WPA Section, as well as the flyer titled “10 Basic points on dual Pathology”

Also I have attached a paper summarizing many of the opinions that began to flourish in the Barcelona 2011 meeting.

I hope you will find this article to be just another contribution to the ongoing debate about the topic. I look forward to receiving your comments.
